

## **SBIRT for Health and Behavioral Health Professionals: How to Talk to Patients about Substance Use On-line Course**

### **Overview**

*SBIRT for Health and Behavioral Health Professionals: How to Talk to Patients about Substance Use* is a 3.5-hour, self-paced course for health, oral health, and behavioral health students and professionals. Learners will take part in an interactive, simulated new employee orientation on SBIRT (screening, brief intervention, and referral to treatment for substance use) at Midtown Healthcare Center, a fictional urban-serving primary care clinic. In addition to dialogue among the staff about addressing substance use, learners will watch video demonstrations of brief interventions performed by other clinicians and even practice themselves with a patient through a situational branching exercise. Participants will apply and test their knowledge through interactive games, case scenarios, and quizzes following each module. The goal of this course is to help participants develop their knowledge, skills, and abilities in using SBIRT as an intervention with patients.

### **Successful Completion**

This course offers up to 3.5 nursing contact hours. To receive contact hours, participants must submit a completed evaluation and request for credit form, and complete the course with a satisfactory grade of 80% or higher on all module quizzes. CNE and non-CE Certificates of Completion are available immediately for electronic download upon satisfactory completion of the course. CME and CHES certificates will be emailed within 4 weeks of submitting the evaluation.

### **Objectives**

- Explain the SBIRT process and the value of this evidence-base, public health practice across health, oral health, and behavioral health settings.
- Perform pre-and full screenings for substance use and determine a patient's level of risk.
- Implement the four steps of a brief intervention using the spirit of Motivational Interviewing.
- Examine strategies for effectively referring patients to addiction treatment and recovery supports when appropriate.

### **Conflict of Interest**

In accordance with continuing education guidelines, speakers and planning committee members have disclosed financial relationships with commercial interests that may create a potential conflict of interest. Kendra Barker, MEd, Angela Bolen, Catherin Boles, RDH, MS, Christina Boyd, LCSW, LCAC, Delwyn Catley, PhD, Sharon Colbert, MSM, Kristin Gillenwater, DO, Heather Gotham, PhD, Ile Haggins, MSW, Jessica Hildreth, BA, Jared Keeler, MD, Sarah Knopf-Amelung, MA-R, Laurie Krom, MS, Araba Kuofie, BA, Martha Lofgreen, APRN, WHNP-BC, Michael McCunniff, DDS, MS, Patricia Stilen, MSW, Amy Stubbs, MD, Edna Talboy, PhD and Denna Vandersloot, MEd have nothing to disclose, Jacki Witt, JD, MSN, WHNP-BC, SANE-A, FAANP – Advisory Boards for Afaxys (Resolved).
