

Introduction to Primary Care for Substance Use Disorder Professions On-line Course

Overview

The SAMHSA-HRSA Center for Integrated Health Solutions (CIHS), in collaboration with the Addiction Technology Transfer Center (ATTC) Network and the Morehouse School of Medicine National Center for Primary Care, has developed this 1.5 hour self-paced online course for addiction treatment professionals considering career opportunities in primary care. This course provided these professions with resources and information to help them decide whether working in a primary care setting is right for them.

Successful Completion

This course offers up to 1.5 contact hours for NAADA. To receive contact hours, participants must submit a completed evaluation and request for credit form and complete the course with a satisfactory grade of 80% or higher on all module quizzes. NAADAC and non-CE Certificates of Completion are available immediately for electronic download upon satisfactory completion of the course.

Objectives

1. Understand the importance of confidentiality in primary care settings.
2. Become familiar with primary care culture.
3. Understand the various roles working in primary care settings.
4. Understand the characteristics necessary for success in the PC environment.
