

**Disclosure Information**  
**HCV Snapshot: An Introduction to Hepatitis C for Health Care Professionals**  
**On-line Course**

Provided by the University of Missouri-Kansas City School of Nursing and Health Studies  
Jointly provided by the Opioid Response Network

**Overview**

This course is designed to briefly familiarize federally qualified health center (FQHC) and other medical and behavioral health staff with Hepatitis C, specifically: 1) populations at risk; 2) Hepatitis C, the disease; 3) screening processes; and 4) treatment options. This course was developed by Mid-America Addiction Technology Transfer Center, part of the Collaborative for Excellence in Behavioral Health Research and Practice.

**Successful Completion**

This course offers up to **1.5** nursing contact hours. To receive contact hours, participants must complete the course with a satisfactory grade of 80% or higher on all module quizzes. NAADAC and non-CE Certificates of Completion are available immediately for electronic download upon satisfactory completion of the course.

**Objectives**

- Describe populations at increased risk for Hepatitis C.
- Differentiate Hepatitis C from A and B, and review transmission, symptoms, testing, and curability.
- Describe the screening process and the importance of your role in addressing patient concerns and improving outcomes.
- Review factors influencing treatment, current and emerging treatment options, and patients' treatment concerns.

**Conflict of Interest**

In accordance with continuing education guidelines, speakers and planning committee members have disclosed financial relationships with commercial interests that may create a potential conflict of interest. Patricia Stilen, MSW and Sarah Knopf-Amelung, MA-R have nothing to disclose. Jacki Witt, MD, MSN, WHNP-BC, FAANP serves on the advisory board for Afaxys. (Resolved)

**Commercial Support**

There is no commercial support for this program.
