

Articles of Interest

Understanding the Impact of Intimate Partner Violence and Pregnancy

Provided by the University of Missouri-Kansas City School of Nursing and Health Studies
Jointly-Provider by the Clinical Training Center for Family Planning

Overview

The NCTCFP presents a new Continuing Education modality, “**Articles of Interest**,” featuring journal articles to keep you informed of family planning and reproductive health topics. This new on-line resource provides an easy way to obtain CE credit at your convenience! Just read the articles and complete a quiz about the content.

Successful Completion

This course offers .75 contact hours. To receive contact hours, participants must complete the course with a satisfactory grade of 80% or higher on the quiz and complete the Evaluation/Request for Credit form. CNE and certificates of completion will be available immediately upon passing the course and submitting the evaluation.

Objectives

- Discuss the 2015 CDC definition of Intimate Partner Violence (IPV)
- List at least three adverse pregnancy outcomes related to IPV
- Describe the three major federal policy initiatives that form the core of the national response to violence and sexual assault.

Conflict of Interest

In accordance with continuing education guidelines, speakers and planning committee members have disclosed financial relationships with commercial interests that may create a potential conflict of interest.

Disclosures

Author Disclosures: Linda Bullock, RN, PHD, Christian A. Chisholm, MD, James E. Ferguson II, MD, MBA, Kinsey Hasstedt, MPH and Andrea Rowan have nothing to disclose.
