

Articles of Interest COVID-19 Updates for Family Planning

Provided by the University of Missouri-Kansas City School of Nursing and Health Studies
Jointly-Provider by the Clinical Training Center for Family Planning

Overview

The NCTCFP presents a new Continuing Education modality, “**Articles of Interest**,” featuring journal articles to keep you informed of family planning and reproductive health topics. This new on-line resource provides an easy way to obtain CE credit at your convenience! Just read the articles and complete a quiz about the content.

- Article One: The Sexual and Reproductive Health of Adolescents and Young Adults During the COVID-19 Pandemic and
- Article Two: Providing Contraception for Young People During a Pandemic Is Essential Health Care

Successful Completion

This course offers 1.0 contact hours. To receive contact hours, participants must complete the course with a satisfactory grade of 80% or higher on the quiz and complete the Evaluation/Request for Credit form. CNE CME and certificates of completion will be available immediately upon passing the course and submitting the evaluation.

Objectives

1. Discuss the effects of the COVID-19 pandemic on adolescent and young adult social development.
2. List at least three approaches to the provision of contraception for adolescents during the pandemic.
