Articles of Interest: Sexual and Reproductive Health and American Indian Youth

Provided by the University of Missouri-Kansas City School of Nursing and Health Studies
Jointly-Provided by the Clinical Training Center for Family Planning

Overview

The NCTCFP presents a new Continuing Education modality, “**Articles of Interest**,” featuring journal articles to keep you informed of family planning and reproductive health topics. This new on-line resource provides an easy way to obtain CE credit at your convenience! Just read the articles and complete a quiz about the content.

Successful Completion

This course offers 1.0 contact hours. To receive contact hours, participants must complete the course with a satisfactory grade of 80% or higher on the quiz and complete the Evaluation/Request for Credit form. CNE and CPH Certificates as well as Certificates of Completion will be available immediately upon passing the course and submitting the evaluation.

Objectives

- Identify at least two disparities in sexual and reproductive health outcomes in American Indian and Alaska Native adolescents
- Describe at least two developmental assets in the lives of AI/AN youth that act as protective factors against risky sexual behavior
- Describe at least two risk factors that can affect health outcomes among AI/AN youth

Conflict of Interest

In accordance with continuing education guidelines, speakers and planning committee members have disclosed financial relationships with commercial interests that may create a potential conflict of interest.
