

## Accreditation Statement

In support of improving patient care, this activity has been planned and implemented by Columbia University College of Dental Medicine and American Academy of Addiction Psychiatry. American Academy of Addiction Psychiatry is jointly accredited by the Accreditation Council for Continuing Medical Education (ACCME), the Accreditation Council for Pharmacy Education (ACPE), and the American Nurses Credentialing Center (ANCC) to provide continuing education for the healthcare team.

---

Credit for this activity is designated for learners in the following ways:

### Dentist Designation Statement

American Academy of Addiction Psychiatry is an ADA CERP Recognized Provider. ADA CERP is a service of the American Dental Association to assist dental professionals in identifying quality providers of continuing dental education. ADA CERP does not approve or endorse individual courses or instructors, nor does it imply acceptance of credit hours by boards of dentistry. Concerns or complaints about a CE provider may be directed to the provider or to the Commission for Continuing Education Provider Recognition at [ADA.org/CERP](http://ADA.org/CERP). American Academy of Addiction Psychiatry designates this activity for 3 continuing education credits. Concerns or complaints about a CE provider may be directed to the provider, or to the Commission for Continuing Education Provider Recognition at [ADA.org/CERP](http://ADA.org/CERP).

### Faculty and Planning Committee Disclosure Information

In accordance with the disclosure policy of the American Academy of Addiction Psychiatry, as well as standards set forth by [JAC policies and guidelines and the ACCME](#), the JAC expects accredited providers to present learners with commercially unbiased, independent and objective information in all of their activities. Accredited providers must be in compliance with the ACCME Standards for Commercial Support: Standards to Ensure Independence in CME Activities<sup>SM</sup>.

### Disclosures

AAAP's interprofessional continuing education program aims to provide educational information that is balanced, independent, objective and free of bias and based on evidence. During the planning process, anyone who is involved in the content is required to disclose to AAAP and our learners any real or potential conflict of interest related to the educational activity. The following individuals have no relevant financial relationships with an ACCME defined commercial interest to disclose: Frances Rudnick Levin, MD, Folarin Odusola, DDS, Matisyahu Shulman, MD, Jeremy Douglas Kidd, MD, Joshua Kaufman, MD, Margaret M. Paschen-Wolff, DrPH, Erin Hobbs, MPA, Kathryn Cates-Wessel.

Content reviewers have nothing relevant to the content of this module to disclose. Content Developer, Frances Rudnick Levin, MD, disclosed that Indivior and US World Meds provided medication for a study. This has been determined not to conflict with presentation content.

Faculty have been advised that any recommendations involving clinical medicine must be based on evidence that is accepted within the profession of medicine as adequate justification for their indications and contraindications in the care of patients. All scientific research referred to, reported, or used in the presentation must conform to the generally accepted standards of experimental design, data collection, and analysis. Learners are advised that this activity may contain references to unlabeled uses of US FDA-approved products or to products not approved by the FDA for use in the United States. In these instances, participants will be made aware of such usage and discussions regarding either non-FDA-approved or investigational use of products/devices.

### Funding

Funding for this initiative was made possible (in part) by grant no. 6H79TI080816 from SAMHSA. The views expressed in written conference materials or publications and by speakers and moderators do not necessarily reflect the official policies of the Department of Health and Human Services; nor does mention of trade names, commercial practices, or organizations imply endorsement by the U.S. Government.

**Educational Objectives** At the conclusion of this activity, learners should be able to:

- Review and define the term “substance use disorders”.
- Implement screening, brief intervention, and referral to treatment for patients with or at risk for substance use disorders
- State the rationale for Screening, Brief Intervention, and Referral to Treatment (SBIRT) in a dental setting.
- Practice performing universal Screening for patients with or at risk of substance use disorders.
- Deliver Brief Intervention for patients with or at risk of substance use disorders
- Utilize personalized Referral to Treatment for patients with an SUD.
- Demonstrate how to achieve continuity of care for patients with an SUD.
